THINGS You Should Know About **DUTCH BULBS**

THE best bulbs in the best varieties are ordinarily imported to order only, orders being booked up to July 1st. Many of our customers neglect to send us their orders in time and we are obliged to buy bulbs in America to fill these late orders, charge higher prices and deliver inferior stock. In order to protect our late customers, we have imported a few varieties of the very choicest and most desirable bulbs in excess of our advance orders and offer them at the same price as if imported to order. These fine things are described in this folder but the prices quoted will be good only until this special imported stock is exhausted. We cannot buy bulbs of this quality in America and sell them at these low prices.

bulbs include
delivery*

The New Purple Crocus, "Gladstone."

CROCUS

THE Crocus is one of the first flowers to bloom in the spring and it is no unusual sight to see the ground covered with snow and the Crocus in bloom at the same time. They are entirely hardy, do not deteriorate and provided the foliage is not cut off may be left undisturbed for years.

HYACINTHS *(Flower in April)*

DELICIOUSLY scented, delicately beautiful in every detail, quietly refined and formal in shape and color, the graceful dignified Hyacinth has a winning allure to those who are attracted to the elegance of simplicity. In addition to being indispensable in the early spring garden, they are so easy to bloom indoors in winter that a fourteen-year-old school girl can match the results secured by the most expert professional.

First Size Named **HYACINTHS**

Buff Beauty. Buff or orange-yellow; large truss. Each, 20c; doz., \$2.00; 100, \$16.00.

Enchantress. Clear light blue; one of the finest of its color; extra fine spike. Each, 20c; doz., \$2.00; 100, \$16.00.

General De Wet. Lovely soft pink, very large truss well filled with fine bells. Each, 20c; doz., \$2.00; 100, \$16.00.

La Grandesse. Purest white; extra fine; best of all whites. Each, 20c; doz., \$2.00; 100, \$16.00.

La Victoire. Brilliant carmine-red; the very finest red variety. It retains its color to the end. Each, 20c; doz., \$2.00; 100, \$16.00.

Perle Brillante. Light blue. Large spike; fine. Each, 20c; doz., \$2.00; 100, \$16.00.

Queen of the Blues. Lovely sky-blue with silvery reflex. One of the very finest of all the light blue Hyacinths. Each, 20c; doz., \$2.00; 100, \$16.00.

Queen of the Pinks. Clear rose-pink. Large, well filled truss of excellent color and substance. Each, 20c; doz., \$2.00; 100, \$16.00.

Roi des Belges. Extra fine, bright scarlet; extra large spike. Each, 20c; doz., \$2.00; 100, \$16.00.

Enchantress.

Elliott's Superb **Bedding Hyacinths**

These special Bedding Hyacinths are selected for uniformity in color, height and time of bloom and are specially packed for those who require a higher grade bulb and can be furnished in a mixture. They may be used for formal garden planting with every assurance that when they are in bloom, the design will not be ruined by having flowers of unequal height, differences in blooming time, weak stems or color clashes.

Dark Red. \$1.25 per doz.; \$9.00 per 100.

Pink. \$1.25 per doz.; \$9.00 per 100.

Pure White. \$1.25 per doz.; \$9.00 per 100.

Yellow. \$1.25 per doz.; \$9.00 per 100.

Mixed, All Colors. \$1.25 per doz.; \$9.00 per 100.

This sale is for cash only—No accounts opened at these prices

English Garden TULIPS *(Flower in May)*

THIS class of Tulips blooms at the same time as the the giant flowering Tulips and on the average the flowers are as large. The flower stems, however, are not as long and the flower forms are different. In general the giant flowering Tulips have cup-shaped flowers; whereas the English Garden Tulips have long pointed flowers, the shape being indescribably graceful and lovely. Sophisticated planters are apt to prefer the English Garden Tulips above all the other groups.

Avis Kennicott. Rich deep yellow with black base. A very large flower and one of the best bright yellow English Garden Tulips. Height 23 inches. \$1.00 per doz.; \$6.75 per 100.

Gesneriana Spathulata. Enormous flowers of blazing crimson-scarlet with a glittering blue-black center. No other Tulip equals the intensity of its color. Height 20 inches. \$1.10 per doz.; \$7.50 per 100.

Inglescombe Yellow. Glossy canary-yellow. The large, globular flower has the true shape of the Darwin Tulip, hence it is called the Yellow Darwin. Height 21 inches. 85c per doz.; \$5.25 per 100.

John Ruskin. Deep rose-salmon, edged pale yellow. Inside lilac suffused with soft rose and yellow margin. Very long flower of exquisite beauty. We recommend it highly. Height 16 inches. 95c per doz.; \$6.50 per 100.

Mrs. Moon. Large, pure yellow flowers. The best of the yellow Garden Tulips. Height 25 inches. \$1.00 per doz.; \$6.75 per 100.

Picotee. The flowers are long pointed and beautifully reflexed; the petals clear white, delicately margined and penciled on the edges with bright pink. Exquisite. Height 20 inches. 90c per doz.; \$6.25 per 100.

Sirene. Glistening satiny-rose with paler edges. The flowers are lily-shaped. This exquisite variety is undisputed Queen of the Garden. Lovely beyond compare. Height 15 inches. 90c per doz.; \$6.25 per 100.

John
Ruskin.

Parrot Tulips *(Flower in May)*

PARROT Tulips produce gorgeous, lavish tropical colors in large splashes. Their weird, fantastic shapes are unlike any other flowers. They are the most gorgeous Tulips in existence.

Admiral of Constantinople. Deep scarlet streaked with yellow. 95c per doz.; \$6.50 per 100.

Fantasy. The marvelous pink Parrot Tulip. A sport of Clara Butt with the same base color, height, strong stem and time of flowering. It has in addition, encrustations of apple-green on the backs of the petals which are lacinated in the characteristic manner of the Parrot Tulips. 3 for 50c; \$1.85 per doz.; \$12.00 per 100.

Markgraaf von Baden. True, orange striped scarlet; extra fine. 95c per doz.; \$6.50 per 100.

Perfecta. Golden yellow blotched with scarlet. 95c per doz.; \$6.50 per 100.

Fine Mixed. 90c per doz.; \$6.00 per 100.

The Gorgeous
FANTASY.
Showiest of
all Tulips.

EARLY TULIPS

(*Flower in April*)

THESE Tulips come into bloom about a month before the giant flowering groups and are the first flowers in the spring to bring glowing color into the garden. Most early blooming spring plants are restrained in their coloring, soft yellows and delicate blues being the dominant notes. By using early Tulips you may have flaming reds, brilliant pinks and bright yellows far in advance of the usual season. The early Tulips may also be bloomed in the house in the winter time with but little or no trouble and no expense whatever.

Double Early Tulips

Boule de Nieve. The new pure white Double Tulip with large, peony-like flowers. Splendid. \$1.05 per doz.; \$7.25 per 100.

Golden King. Pure canary-yellow. A very large, beautiful flower. The finest of the yellow Double Tulips. Very effective. \$1.05 per doz.; \$7.25 per 100.

Imperator Rubrorum. Brilliant scarlet; fine for forcing and one of the grandest for bedding. \$1.00 per doz.; \$7.00 per 100.

Mystery of India. The color is terra cotta with bronze and rose, a combination hard to describe but exceedingly beautiful. The flower is of tremendous size and very double and the stem is longer and stiffer than is usual in Tulips of this group. \$1.00 per doz.; \$6.75 per 100.

Peach Blossom. Deep rosy pink, deepening with age to a deep rose. A very fine flower with a wonderful color. A new variety of superb quality, which we are glad to recommend. Height 12 inches. \$1.10 per doz.; \$7.75 per 100.

Extra Fine Double Mixed Tulips. 85c per doz.; \$5.75 per 100.

Peach Blossom.

The Showy
De Wet.

*The prices
of all bulbs
INCLUDE
Delivery*

Single Early Tulips

Blushing Bride. Lovely bright pink; very early. \$1.00 per doz.; \$7.00 per 100.

De Wet. Beautiful deep orange, shaded golden yellow at the base of the petals. A very artistic flower and one of the finest newer sorts in cultivation. There is no other orange variety which equals it in brilliancy. It is, therefore, one of the showiest bedders, and as it forces splendidly, we can recommend it for all purposes. 90c per doz.; \$6.25 per 100.

Diana. Purest white with yellow base. Extra fine handsome flower and the finest white Early Tulip in existence. We strongly recommend it. 90c per doz.; \$6.25 per 100.

Keizerskroon. Blazing, crimson-scarlet flowers the petals of which are edged with clear, rich yellow. A stunning variety. 95c per doz.; \$6.50 per 100.

Proserpine. Queen of Tulips. Silky carmine-rose; perfect form. Sweet scented. 90c per doz.; \$6.50 per 100.

Rising Sun. Deepest golden yellow, gigantic, long flower of elegant form borne on a strong stem 16 inches tall. By far the finest of the deep yellow Early Tulips. 90c per doz.; \$6.25 per 100.

Van Der Neer. A brilliant dark purple flower. Splendid shape. 85c per doz.; \$5.75 per 100.

Vermilion Brilliant. Dazzling, glistening scarlet. The most brilliant of the Early Tulips. 90c per doz.; \$6.00 per 100.

Extra Fine Single Mixture. 75 per doz.; \$5.25 per 100.

This sale is for cash only—No accounts opened at these prices

Anchusa myosotidiflora. The flowers are the size of the Forget-me-not and of the same lovely blue. The foliage is strong and vigorous.

Aster alpinus. A lovely blue Mountain Daisy with a large golden eye. May-June.

Aubrietia (Purple Lady). Matlike plants covered with violet-purple flowers in April and May.

Bellis perennis. The lovely English Daisy is covered with beautiful double flowers about the size of a five-cent piece. White, pink or assorted, as you prefer.

Calamintha alpina. A lovely rock plant particularly suitable for dry ground and a sunny position. Dainty blue flowers in June.

Campanula rotundifolia. Lovely clear blue flowers from June until August.

Cerastium (Snow-in-Summer). The foliage of this dwarf plant is silvery white and is covered with small, white flowers in May.

Dianthus Allwoodi alpinus. In this new strain of Pinks the colors range from pure white to dark rose. A distinct improvement over the older sorts and very lovely.

Dicentra eximia. A dwarf Bleeding Heart with fernlike foliage; lovely pink blossoms.

Festuca glauca. A dwarf, grasslike plant with blue-gray foliage.

Helianthemum (Sunrose). White, yellow, orange, scarlet, pink and crimson. A constant succession of many colored flowers throughout the season.

ROCK PLANTS

SPECIAL EFFECTS are desired on a rockery and these plants will produce these effects. Special soil conditions are also present and these plants will thrive under these conditions.

Strictly speaking, however, there is no such thing as a rock plant, a plant which must be planted in a rockery and in no other place. While these plants are specially desirable in a rock garden, they may also be used in the perennial borders or in the flower garden.

Any 1 Variety
3 plants for \$0.60
12 plants for \$2.00

*If wanted by parcel post

plants*

Heuchera (Coralbells). **Sanguinea** produces bright crimson flowers from June until September; **Brizoides** dainty pink flowers in May. Both are very lovely.

Iberis (Hardy Candytuft). **Gibraltarica** has lilac blooms; **Sempervirens nana**, white. Foliage of both is evergreen; plants are covered with a sheet of lovely flowers in early spring.

Phlox subulata. A dwarf, creeping Phlox, the flowers of which make a glowing carpet when in bloom. Blue, pink or white, as you prefer.

Plumbago larpentae. A lovely dwarf, spreading plant covered with deep blue flowers.

Polemonium reptans. A lovely dwarf, bushy plant bearing showy blue flowers.

Saponaria ocymoides. Lovely, densely matted plants studded with rosy pink flowers. May and June.

Sedum (Stonecrop). A rock garden without the Stonecrops is nearly impossible.

Album has pure white flowers in July; **Acre** bright yellow; **Spurium coccineum**, crimson and **Sarmentosum** bright yellow flowers.

Silene. Schafta produces masses of bright pink flowers from July until October; **Alpestris** has dainty white flowers in May and June.

Stachys lanata. A fine dwarf perennial with lovely soft silvery foliage. Grown for its foliage since the flowers are inconspicuous.

Veronica rupestris. A beautiful prostrate matted trailer with a mass of little blue spires in June.

HARDY HERBACEOUS PERENNIALS

Canterbury Bells.

Foxglove (Digitalis).

UNTIL hardy plants come into more general use, we cannot hope for the artistic, interesting and beautiful gardens in this country that are found in the Old World. However, the individual beauty of most of the perennials is so great that the garden cannot fail to be interesting and lovable, if the cultural skill is such as to bring the plants to perfection. With the material offered in this list, the most beautiful and charming gardens can be made, gardens that change the aspect with every changing season, gardens that increase in value and beauty year after year.

Aconitum Fischeri. Lovely large blue flowers in September and October. Decorative foliage makes this a handsome plant even when not in bloom. Will grow in partial shade.

Anchusa Italica, Dropmore. Lovely gentian-blue flowers in the spring. Universally admitted to be the loveliest blue color among the flowers.

Anthemis, New Hybrids. A new race of *Anthemis* originated by Benary. Lovely shades of yellow and orange.

Aquilegia (Columbine), Long-Spurred Hybrids. The new Long-Spurred Columbines are among the most lovely garden plants in existence. Innumerable shades of blue, yellow and pink, blooming in June and July. Indispensable in any garden.

Boltonia latifolia. Lovely border plant. Flowers vary from pink to pinkish lavender and blue. September to November.

Canterbury Bells. The loveliest bell-shaped flowers in cultivation. The colors may be white, pink or blue, as you prefer.

Clematis integrifolia. Lovely lacy white flowers in July followed by dainty and attractive seed pods which give the effect of silver cobwebs. This is a perennial plant and not a vine.

Coreopsis grandiflora. Gorgeous for massing and cut flowers because of the profuse rich golden yellow blooms. June and July.

Delphinium, Chinese, Azure Fairy. The new azure-blue dwarf Delphinium has the loveliest light blue flowers imaginable. In addition we can furnish the older dark blue and the pure white sorts.

Dianthus, Old-Fashioned Sweet Pinks. *Dianthus plumarius* has charming single pink flowers with fringed petals. *Plumarius semperflorens* has darker flowers in a great variety of shades and markings.

Eupatorium coelestinum (Hardy Ageratum). A lovely plant closely resembling the tender Ageratum which produces lavender-blue flowers from August until frost.

Foxglove (Digitalis). One can't imagine a garden without the dignified and lovely spikes of Foxglove in it.

Gaillardia. We consider the *Gaillardia* one of the most beautiful hardy plants in cultivation, and believe our strain to be the finest extant. The gay blossoms are obtainable in perpetual profusion from June to November.

Geum. Lovely border plants blooming from May to July. *Lady Stratheden* is a rich golden yellow; *Mrs. Bradshaw* brilliant scarlet. The flowers of both are double.

Gypsophila (Baby's Breath). *Pacific* is the new pink Baby's Breath; *Paniculata* is white. Both are very lovely.

Hemerocallis, Assorted (Day Lily). Your choice of three: *Queen of May*, *Dumortieri*, and *Graminea*.

Hosta, Assorted (Funkia Lilies). Your choice of the three finest varieties: *Aoki*, *Coerulea*, and *Major Pallida*.

Incarvillea Delavayi (Trumpet Flower). Large trusses of lovely rose-pink flowers.

Iris sibirica. The colors of these lovely Iris may be blue or white, as you elect.

Linum perenne (Flax). Lovely blue or white flowers, as you prefer.

Veronica Amethystina.

Aquilegia, Long-Spurred Hybrids.

Coreopsis Grandiflora.

Liatis Pycnostachya.

Liatis pycnostachya (Cattail Gay Feather). Very beautiful as well as odd. Blooms in midsummer and throws up long, narrow spikes of rich purple flowers which last a long time. A peculiarity of this plant is its great attraction for butterflies; when in bloom it is always surrounded with them.

Lychnis viscaria splendens fl. pl. (Ragged Robin). Forms a dense tuft of evergreen foliage, and in June it sends up tall spikes of handsome, double, deep red flowers of exquisite fragrance, and remains in perfection six weeks.

Physostegia virginiana, Vivid. Lovely deep pink flowers blooming in July.

Platycodon grandiflorum (Balloon Flower). Lovely white or pale blue, bell-shaped flowers borne in June and July.

Pyrethrum roseum (Painted Daisy). The Pyrethrums are so simply and easily cultivated that they may be recommended to all who possess a garden. They are perfectly hardy and absolutely invaluable for cut flowers through the summer and autumn months. Flowers are bright and elegantly borne on long stems.

Ranunculus acris fl. pl. (Bachelor Buttons). The flowers are glossy golden yellow. May to Sept.

Scabiosa (Pincushion Flower). *Scabiosa japonica* produces lovely lavender-blue flowers from June until September; *Columbaria* pink flowers. Both are splendid for cutting.

Stokesia laevis (Stokes' Aster). Lovely blue-violet or pure white flowers, 4 to 5 inches across, from July until frost.

Sweet William, Assorted. Probably the most famous of the old-fashioned garden plants.

Veronica (Speedwell). *Amethystina* grows about 12 inches; *Spicata* 24 inches and *Longifolia subsessilis* 24 inches. All produce blue flowers. Among the loveliest in cultivation and *Longifolia subsessilis* is splendid for cut flowers from July until September. Assorted or you may have your choice.

This sale is for cash only—No accounts opened at these prices

ORIENTAL POPPIES

"I REMEMBER very well the first time I saw an Oriental Poppy. I was a boy then, and it excited me wonderfully, and I thought it was the most remarkable flower in the world, and now, after fifty years have gone by and I have seen all known flowers of the world, I am still of the opinion that it is mighty fine; one of the most striking and effective perennials in cultivation." Our founder, Mr. J. Wilkinson Elliott, said this fifteen years ago and it is still true. One who has not seen the blazing beauty of the Oriental Poppies has not yet seen a garden.

We grow the finest varieties in cultivation. They are:

LULA A. NEELY. This is the newest of the Oriental Poppies and is so superior to anything which has preceded it that it becomes by comparison the outstanding garden plant. The color is a brilliant ox-blood-red and does not fade. The gorgeous flowers are borne on strong, erect stems. 50c each; \$5.00 per doz.

All Varieties Listed Below are:
25c each; \$2.00 per dozen.

Bracteata. Enormous, blazing red blooms.

Brightness. Vivid orange-scarlet.

Cerise Beauty. Extra large; bright pink with purple blotch.

Enfield Beauty. Rich salmon-pink, maroon base.

E. A. Bowles. The flowers are a light pastel pink color. This is the lightest pink of all the Poppies.

Goldschmidt. The flowers of this variety are very large, larger by far than any other Oriental Poppy. They are twice the size of the type. The color is a vivid, bright blood red.

Grand Mogul. Blinding brilliant red.

Mrs. Perry. Bright orange-apricot, shaded pink.

Princess Ena. Tulip-like flowers of orange-salmon.

Royal Scarlet. Rich, blazing scarlet.

Silverblick. Salmon with blue blotches.

**25c each;
12 for \$2.00**

**(Except
Lula A.
Neely)**

If wanted by parcel
post, add 21c for each six plants.

TREES

Lombardy Poplar (*Populus nigra italica*)

The ever-popular exclamation for accenting the landscape. 8-10 ft., 55c each.

Meyer's Poplar (*Populus Meyeri*). Similar in appearance to the Lombardy but better in every respect, being free from insect attacks and plant diseases. 8-10 ft., \$1.00 each.

Norway Maple (*Acer platanoides*). The most popular and widely planted shade tree in America. 8-10 ft., \$2.00 each.

Oxydendrum arborea. The panicles of pure white, slightly fragrant flowers resemble the blooms of Lily-of-the-Valley. The brilliant scarlet autumnal foliage is the brightest color in the fall landscape. 4-5 ft., \$1.00 each.

Pin Oak (*Quercus palustris*). The fastest growing of the Oaks and one of the loveliest trees in cultivation. 8-10 ft., \$2.25 each.

Salix Salamoni (Salamon's Weeping Willow). The fastest growing good tree; hardy in northern latitudes and in our judgment the loveliest of the Willows. 6-8 ft., 75c each; 8-10 ft., \$1.25 each.

Schwedler's Maple (*Acer Schwedleri*). Similar to the Norway excepting that in the spring the leaves are bright purple and crimson and in the autumn tones of purple, red and brown. 8-10 ft., \$2.00 each.

Pin Oak (*Quercus palustris*).

These are full sized trees and cannot be shipped by parcel post.

Delivery begins October 15th.

HARDY HEDGE PLANTS

Regel's Privet.

Regel's Privet. Incomparably the finest of the Privets where one has room for it. Perfectly hardy. It is at its best when it can be allowed to grow at least 4½ feet tall and is not sheared too closely. Use it on the larger properties. (Regular price, \$30.00 per 100). **Special price, \$15.00 per 100.**

Amur River Privet. Absolutely the finest of all the Privets for smaller properties where there is not room for the Regel's Privet. Absolutely hardy. (Regular price, \$18.00 per 100). **Special price, \$9.00 per 100.**

For over thirty years we have been telling our customers not to plant California Privet since it is not hardy. Those of you who followed our advice could smile this spring when you found that your Regel and Amur River Privets were unharmed while your neighbor's California Privet were again winter-killed.

Berberis Thunbergi (Japanese Barberry). \$12.00 per 100.

These are full sized, properly grown shrubs, too large to be shipped parcel post.

Delivery begins October 15th.

This sale is for cash only—No accounts opened at these prices

New Hybrid Philadelphus

The great French hybridizer, Lemoine, has produced a new race of Philadelphus, commonly known as Syringa or Mock Orange, that is the most valuable introduction in shrubs in twenty-five years. Not only are the flowers wonderfully improved but they are produced in marvelous profusion and the smallest and youngest plants are covered with flowers. Nothing introduced in the past twenty-five years equals them in beauty or value. They are superior in every way to the old-fashioned sorts.

Albatre. A lovely semi-dwarf variety with full double flowers. Specially recommended for positions where the larger type would be crowded.

Favorite. The gorgeous single white flowers are a full three inches wide; more than twice the size of the old-fashioned sorts.

Favorite.

Glacier. Glorious double flowers produced in clusters of six or seven covering the plant.

Lemoine. The dwarfest Philadelphus in the Hybrid group with dainty foliage and lovely flowers. Should be planted in front of other shrubs or may be used as a foundation plant.

Mer de Glace. Incomparably beautiful, semi-double flowers which literally cover the plant. Mr. Elliott's personal choice of all the Philadelphus.

Pyramidalis. An erect, slender, rigid variety producing immense quantities of lovely, pure white, double flowers.

Virginal. The tallest of the Hybrid Philadelphus. This variety should be used in the background, since it will make 8-10 feet in height. The double flowers are indescribably beautiful.

Virginal.

Hybrid French Lilacs *Grown on Their Own Roots*

THE great French hybridist, Lemoine, as a result of a half century's work, has multiplied the size of the Lilac flowers by about four, varied the colors and improved the texture tremendously. The modern Lilac is so much finer and better than the older types that there is now no comparison. Unfortunately most nurseries propagate Lilacs by budding them on privet; a cheap and easy way to produce plants. The objection to this is that a perfect union is seldom secured; the plants are subject to borer attacks and to plant disease. As a consequence, budded Lilacs are nearly worthless.

Since all our Lilacs are guaranteed to be grown on their own roots, they will be free from the attacks of borers.

Chas. Joly. Double, blackish red; distinct and extra.

Chas. X. Single, large shining leaves and great trusses of reddish purple flowers.

Congo. Single. Bright wallflower-red.

Duc de Massa. Double; purplish violet, large, carmine buds.

Lamartine. Immense panicles of mauve-rose flowers. Very early.

Lemoine fl. pl. Double. Lovely carmine-violet.

Mad. A. Buchner. Buds carmine-pink, flowers tender rose tinted malva. Late flowering.

Michael Buchner. Very double. A splendid pale lilac.

Miss Ellen Willmott. A superb new double white.

Mme. Florence Stepman. Extra large, pyramidal trusses of single pure white flowers. Usually considered the whitest of all the white Lilacs and one which is in most demand.

Pres. Grevy. Double; exquisite vinous violet.

Thunberg. Double. A superb deep mauve.

Vestale. Enormous panicles; large, single pure white flowers perfectly shaped.

These are full sized plants, too large to ship by parcel post.

Delivery begins October 15th.

NARCISSUS

IN the opinion of all qualified garden experts, the Narcissus are the most charming and graceful of all the bulbous plants. In addition they are the most permanent. The writer knows of Narcissus plantings made over fifty years ago which have increased in size and beauty every year and are now even more lovely than when they were originally planted. No one seems to know just how long Narcissus will last. Provided the foliage is not cut off one may plant them and forget them, secure in the knowledge that they will be good for his lifetime.

All the Narcissus, excepting Alba Plena Odorata, may be bloomed in the house during the winter months.

Alba Plena Odorata (Double Poeticus). Double, snow-white, sweet scented, gardenia-shaped flower. Fine for cutting. Not good for forcing. \$1.10 per doz.; \$7.50 per 100.

Croesus (Incomparabilis). If you were to ask Mr. Elliott what is the finest Narcissus in cultivation, he would answer most emphatically, "Croesus." This marvelous Narcissus has a mammoth, flat, orange cup against a reflexed perianth of creamy white with a tinge of lemon-yellow. A truly marvelous variety. \$1.75 per doz.; \$12.50 per 100.

Elvira (Poetaz). Pure white perianth, golden yellow eyes. Many good sized flowers of great substance on a long stem. \$1.25 per doz.; \$8.75 per 100.

Emperor. The trumpet of this great variety is deep golden yellow. Its perianth is exquisite primrose. \$1.25 per doz.; \$9.25 per 100.

Incomparabilis, Croesus.

Empress. White perianth of great substance; trumpet rich chrome-yellow. Queen of the two-color Daffodils. \$1.25 per doz.; \$9.00 per 100.

Golden Scepter (Jonquil). Deep golden yellow flowers of great substance. Reminds one of a trumpet Daffodil for the size of the flower and its strong stem. \$1.15 per doz.; \$8.00 per 100.

King Alfred. This grand monarch of all the Daffodils has a large, bold golden yellow flower with deeply frilled mouth; elegantly recurved and a broad, splendidly formed perianth. It is the finest of the giant yellow Daffodils. \$1.85 per doz.; \$12.00 per 100.

Lucifer (Incomparabilis). Large, star-shaped, white perianth and glowing orange-red cup. \$1.00 per doz.; \$7.00 per 100.

Paper-White. (For winter blooming). Though you have never watered a blade of grass or planted a single seed, or cared for a single plant, the Paper-

White Narcissus will grow for you. Or, rather, it will grow without you. All that you need is the bulbs, a bowl, some pebbles, a little water, and no attention whatever. 75c per doz.; \$5.50 per 100.

Poeticus (Pheasant's Eye). White, pointy petals; cup orange-red with yellow and green. Best for cutting and naturalizing. This is the famous Poet's Narcissus. 90c per doz.; \$6.00 per 100.

Poeticus Ornatus. Fine, round perianth, pure white; cup yellow, margined scarlet. Similar to Poeticus but blooms two weeks or more earlier. 90c per doz.; \$6.50 per 100.

Queen of the North (Leedsii). Broad, white perianth; light primrose cup which changes into ivory-white as the flower ages. An exquisite flower. \$1.00 per doz.; \$7.00 per 100.

Poetaz, Elvira.
